Board of Directors of the Company has recommended dividend of Rs. 2/- per share (i.e. 20%), subject to shareholders approval.

The performance of the Company marked an impressive improvement during the financial year 2018-19 riding on a robust demand for Optical Fibre Cables fuelled by Government driven “BharatNet” project and bulk orders placed by private telecom operator, rolling out greenfield 4G LTE project. This strong boom in the market during the financial year under review, has catapulted the Company into highest ever performance in terms of both Revenue and Profit growth since its inception and long term business operations in the Cable Industry. The Company could deliver these strong results riding on its state-of-the-art manufacturing set-up with best-in-class technology capabilities and with efficient execution skills of the professionally trained team.

This was made possible due to Company’s endeavour to keep abreast with the latest and changing technology trends in the Industry, thereby implementing smart strategies in the system to bring constant improvements and innovation in the process.
The ongoing Capacity Expansion projects in Optical Fibre Cables segment will take the capacity to more than 180,000 Cable Kms annually and the Data Cable Capacity to 0.5 million boxes per annum which are likely to go on stream by Q1 of this financial year 2019-20.

The Company has put its thrust in developing innovative products which are capable for addressing the ever-changing requirements of the Telecom industry in terms of diverse applications in 4G LTE technology, FTTH and the upcoming 5G technology as well. The company is a pioneer in complete product and solutions offerings in the segments like Power, Oil & Gas and Renewable Energy.

For, Birla Cable Limited
