EQUITY BENCHMARK SEN-SEX surged nearly 530 points to scale a new closing peak of 40,889.23 on Monday, buoyed by renewed optimism over US-China trade deal and government's divestment measures to curb fiscal deficit.

Further, reconstruction of Sensex indices and hopes of rate cut by the RBI in the upcoming monetary policy meet also boosted investor sentiment. Starting on a positive note, the 30-share BSE index went on to touch its record intra-day high of 40,931.71, before finally settling 529.82 points, or 1.31%, higher at 40,889.23 – its alltime closing peak.

Likewise, the broader NSE Nifty closed with a gain of 159.35 points, or 1.34%, at 12,073.75 – just shy of its lifetime closing high.

Sectorally, BSE telecom index zoomed nearly 7% on the BSE, lifted by a positive sentiment in the sector in the wake of government's relief measures and plans to raise tariffs by telcos. Following suit, the

In the Sensex pack, Bharti Airtel was the top gainer, rallying over 7.20%, followed by Tata Steel 4.99%, IndusInd Bank 3.49%, Axis Bank 3.26% and Vedanta 2.57%.

Barring ONGC and Yes Bank, all Sensex constituents closed in the green.

"Cues that US and China will conclude a deal by next month lifted the sentiment

across the globe. Reconstruction of Sensex indices and new developments over divestment to curb fiscal deficit provided confidence in Indian market. Expectations of further cut in interest rate by RBI, gave advantage to rate sensitive stocks," said Vinod Nair, head of research at Geojit Financial Services.

Analysts are of the view that a trade pact between the US and China is likely by the end of December 2019 after positive statements made by both sides last week. Further, they said that sentiment got a boost from FIIs preferring emerging markets such as India as the recent easy monetary stance of US Fed and ECB has improved liquidity in world markets.

SDL: BSE set to offer non-competitive bidding facility to retail investors

PRESS TRUST OF INDIA New Delhi. November 25

BSE HAS SAID it will start noncompetitive bidding facility in state development loans (SDLs), which will enable the retail investors to participate in these auctions through an online registration process.

SDLs are dated securities issued by state governments through normal bidding process similar to the auctions conducted for such securities issued by the Centre, where interest is received semi-annually, and principal is repaid at maturity. In a statement, BSE has announced the "introduction of non-competitive bidding

facility in state development loans. Retail investors can now participate in these auctions through an easy online registration process".

RBI conducts auctions for

such securities on a weekly basis

where 10% of the notified amount is allotted for eligible investors under the scheme for non-competitive bidding."We are happy that from now onwards BSE can act as a facilitator for non-competitive bidding under RBI's auction to aggregate the bids from retail investors and submit a single bid to RBI. This facility will go a long way in strengthening the capital markets," BSE MD Ashishkumar Chauhan said.
